¹ TOU Meter: records energy consumption in 30-minute intervals (must have an EDM I meter to receive TOU Prices)

² Non-TOU Meter: records energy consumption but not when it is consumed

³ Price when TLC is able to load control at least 1 kW of electrical load at your installation

⁴ Price when TLC is able to load control at least 1 kW of electrical load at your installation

TOU Trial Prices Only

Pricing Plans

The pricing plans for this trial are Residential Standard, Residential Low Fixed Charge (LFC) and General

Residential Standard is only available to customers in their primary place of residence (home) and is usually best for those that use more than 8,000 kWh per annum

Residential LFC is only available to customers in their primary place of residence (home) and is usually best for those that use less than 8,000 kWh per annum

General is available to all other customers (for example dairy shed, shop, holiday home)

Fixed Price

This is a charge per connection per day

Variable Prices and Times

This is a variable price that changes depending on the time of day and is dollars per kWh based on the number of kWh you use

TOU Pricing Periods	Times
Peak or Controlled Peak	7:00 am to 9:30 am
	5:30 pm to 8:00 pm
Shoulder	9:30 am to 5:30 pm
	8:00 pm to 11:00 pm
Off Peak	11:00 pm to 7:00 am

Meter Prices

This is a charge per day for metering and relay equipment if TLC is charged by your metering provider for these assets at your connection

Important notes:

- These are TOU trial prices only
- Prices apply to trial participants and invited installations only
- Participation in the trial is optional
- Prices are subject to change with 20 working days' notice
